### **120x96 Custom Energy Efficient Aluminum Sliding Doors**

- **Overall Size:** 120" W x 96" H
  - **Frame Material:** Heavy-duty aluminum
  - **Glass Type:** Tempered safety glass
  - **Operation:** Smooth glide sliding panels
  - **Sealing:** Full perimeter weather strips
- Installation:** Professional installation recommended

- 120" Sliding Door W x 96" H creates a dynamic and modern statement with its tall frame and massive width. Suitable for viewing the outside, this window opens quiet and smooth, filling your home with sunlight.
- It is engineered for longevity and warm temperatures, and the design is suitable for both residential and light business needs. The smooth, neat design and lots of glass panels give this door a modern feel, suitable for any open-style home.
- **To Note**
- A rough opening of 144.5" W x 80.5" H is recommended for proper alignment and fitting. Allowing this margin ensures smooth installation. Professional installation is required for Door Depot's 144" x 80" sliding door.
